Warning

While we make efforts to ensure that our lists of doctors are up to date and accurate, doctors do leave our networks from time to time, and these listings do change. There may be higher fees associated with visiting a doctor who is not in our network or for obtaining a service that is not covered by your plan. You may be responsible for those costs. To avoid higher fees we recommend that you confirm your doctor is in network and that the desired service is covered when scheduling your appointment.

Please check your certificate booklet to determine if the treatment you are seeking is a covered service. This website can assist you in determining if your provider is a contracted provider.

Visit the following link to know more about "how Blue Precision works" (or read the full program details).
